

## **ENVIRONMENTAL AND SOCIAL POLICY**

### **SCOPE**

This Policy applies to all employees, contractors and other stakeholders of Light Rail Manila Corporation (LRMC)

### **COMMITMENT**

LRMC is committed to enabling positive sustainable outcomes for our clients, the people we work with and the communities we operate in. We will provide a working environment and culture where environmental protection, social development and sustainability drive our core values and are primary considerations in everything we do.

### **OBJECTIVES**

To fulfil this commitment LRMC shall:

- Maintain an Environmental and Social Management System and comply with applicable legislation, codes, standards and guidelines;
- Develop and promote a culture where management and staff are personally and collectively committed to environmental sustainability and social development;
- Undertake activities in a manner consistent with the principles of ecologically sustainable development and that minimizes their environmental and social impact;
- Establish, document and review environmental and social objectives to facilitate continuous improvement, abate pollution and mitigate the impact on the environment we operate in;
- Be responsible and accountable for meeting the targeted environmental and social standards and influencing suppliers and contractors to act consistently with our approach toward responsible environmental and social practices;
- Provide adequate resources and training focused on environmental and social sustainability especially on efficient use of energy, reduction of waste and recycling of materials in all our business activities;
- Encourage the reporting, mitigation and elimination of environmentally and socially harmful acts or conditions in a timely manner and use our learnings to improve controls to manage our critical risks;
- Establish and maintain strong, productive partnerships with various government agencies on environmental and social initiatives; and
- Consult and communicate regularly with the surrounding communities and key stakeholders and adopt appropriate practical steps to address their concerns.
